Top U.S. Military Chiefs Take Off For Saigon Today

Staebler Lists Himself In Race To Head Ticket

By RICHARD PYLE
Associated Press Staff Writer

U. S. Rep. Neil Staebler, D-Mich., has classed himself among the top three or four contenders for the 1964 Democratic nomination for governor and says the choice probably will be made by party leaders in the next 60 days.

And at all costs, Staebler said during a "Citizens Political Forum" at Oakland University Saturday, the party hopes to avert the kind of split that caused an explosive primary battle in 1960 and which disrupted the 1963 spring convention.

On weekend visits from Washington, Staebler is joining with other key Democratic chiefs in a series of conferences with county chairmen around the state.

"What we need to do now is to sort out people's feelings," he said. "This is part of the normal cranking-up process for the 1964 campaign."

Swainson Is Contender

Staebler — who is regarded by some leading Democrats as a virtual certainty for the 1964 nomination against Gov. George Romney — or any other Republican candidate — spoke on President Kennedy's tax cut proposal at the Saturday meeting.

Sharing the spotlight with him, however, in what may have been the biggest bi-partisan political affair in Oakland County history, were Romney, Sen. Philip Hart, D-Mich., U. S. Rep. William Broomfield, R-Mich., and other state and local political leaders.

Former Gov. John Swainson, Staebler's adversary in the intra-party power fight at the 1963 convention, is regarded as the most likely contender aside from Staebler.

Others considered as possibilities are Highway Commissioner John Mackie, Atty. Gen. Frank Kelley, Sec. of State James Hare and Detroit Mayor Jerome Cavanagh.

Williams Ruled Out?

Staebler said former Gov. G. Mennen Williams should be ruled out as a candidate. Williams is assistant secretary of state for African affairs in the Kennedy administration.

Following the Oakland County forum, Staebler and other Democrats met in Escanaba with party chairmen from the 15 Upper Peninsula counties.

Part of the meeting was discussion of a candidate for Congress from the single U. P. district created by the new apportionment plan approved this year by the legislature.

Staebler said there are at least three announced contenders, listing them as Rep. Joseph Mack-D-ironwood, Rep. Dominic Jacobetti, D-Negaunee, and Raymond Clevenger, whose term as Michigan Corporation and securities commissioner expired Friday.

Romney said Saturday he has set no timetable for a decision on whether he will seek re-election in 1964. He has been mentioned as a possible candidate for the GOP nomination for president, but insists he is not and will not be a candidate.

Romney called on Michigan citizens to let their sentiments on his tax reform program be known to the legislature, many of whose members, he said, want to know what their constituents think about the program.

A murder warrant was issued against Lewis after police, suspicious of a freshly plastered bedroom wall in the couple's home, opened it Sept. 12 and found the decomposed body of his wife, Anna, 70.

After his arrest, Lewis was taken to the police station and told: "Anna was found."

"Yeah? Who with?" detectives said he replied.

After more questioning, Sgt. Ted Combs said, Lewis related: "I hit her during an argument two days after she came back from Chicago."

"She threatened to have me arrested and I hit her again. When she began to yell I tried to quiet her, but she slumped to the ground. She wasn't breathing."

He expressed doubt that police had found his wife of 42 years.

"After all, I'm a carpenter. With a job like I did, I didn't think you'd ever find her body."

Polish-American Museum Looted By Chicago Robbers

CHICAGO (AP)—Valuable jewels, paintings, statues and antiques were stolen by three robbers Sunday from the nation's largest Polish-American museum.

The robbers forced their way into the Polish Roman Catholic Union and ransacked the four-story building for four hours before escaping with the art treasures.

The museum contained relics of Polish kings and leaders, some of which date back to the year 1000, said Frank Litwin, treasurer of the Union. Among articles stolen, he said, were a diamond studded watch and cuff links of the late Ignace Jan Paderewski, Polish pianist-statesman.

The value of the stolen goods will not be determined until an inventory is completed. A Union official said many of the articles had great sentimental value to the Polish people.

Boy, 10, Rescued On Cliff Ledge

AUGUSTA, Mont. (AP)—A 10-year-old boy stranded on a narrow ledge of a 1,000-foot cliff in the Sun River Canyon was carried to safety early today on a 150-foot wooden ladder built during the night.

The boy, Bruce Krummel of Great Falls, was reported in good shape.

Mrs. Glenn Roberts of the Sun Canyon Lodge, about a half mile from the base of the cliff on which Bruce was stranded Sunday morning, said the boy was carried down by A. R. Bender, an Augusta carpenter who directed building of the ladder.

She said persons at the base of the cliff reported Bruce was "chattering like a magpie." He apparently did not suffer from the cold rain which fell earlier during the night.

Bruce's parents, Mr. and Mrs. Robert Gill, were at the base of the cliff when the boy was brought down. They had spent the night there.

The ladder extended from the rescuers post atop a rock slide which sloped downward about one-quarter of a mile.

Bruce had been reported in good spirits through the night.

Bruce became stranded when he wandered off on his own mountain climbing expedition. His family was on a weekend fishing trip in the Sun River Canyon 22 miles northwest of Augusta in North Central Montana.

Moon Rockets Set For Tests

CAPE CANAVERAL, Fla. (AP)—Two revolutionary upper stage rockets which burn high-energy liquid hydrogen are being groomed for test flights vital to manned and unmanned space programs.

They are the S-4, second stage of the Saturn super-boosters, and the Centaur, second stage of an Atlas-Centaur vehicle.

Difficulties in harnessing frigid liquid hydrogen have delayed development of both rockets, causing slippage in several key projects, principally unmanned moon probes. Officials of the National Aeronautics and Space Administration are confident that laboratory and ground-firing tests have solved the problems.

The 41-foot S-4 was flown here over the weekend from the Douglas Aircraft plant in Sacramento, Calif. After several weeks of hanger checks, it will be joined with an 82-foot Saturn booster now undergoing tests.

Sallal Goes Home

CAIRO (AP)—Ailing President Abdullah Sallal of Yemen flew home today to attend the first anniversary celebration of his revolution after being under medical care for 45 days in Egyptian hospitals.

Official medical reports say Sallal is suffering from an intestinal ulcer.

Test Ban Treaty OK Predicted In Senate Tuesday

WASHINGTON (AP)—The Senate rejected today a proposal by Sen. Barry Goldwater, R-Ariz., to require Soviet removal of nuclear weapons and military personnel from Cuba as the price for U.S. ratification of the nuclear test ban treaty.

The vote was 17 for the reservation and 75 against.

The three are Sens. Howard W. Cannon, D-Nev., John J. McClellan, D-Ark., and Margaret Chase Smith, R-Maine.

One amendment, proposed by Sen. Barry Goldwater, R-Ariz., would delay effectiveness of the treaty until after the Soviet Union "has removed all nuclear weapons, all weapons capable of carrying nuclear warheads" and all Soviet military personnel from Cuba, with the results verified by U.N. inspection.

Other proposed amendments would insure that the United States has the right to use nuclear weapons in self defense, delay effectiveness of the treaty until the Soviet Union has paid its delinquent U.N. assessments, hold up return of the treaty to Kennedy until the President of the Supreme Soviet has ratified it, delay effectiveness until a renegotiated treaty provides for on-site inspections of nuclear tests.

Both Dirksen and Mansfield predicted a big turnout for Tuesday's vote. Dirksen said, "I am confident every Republican member will be on hand." Mansfield told a newsman attendance "will hit 99—all will be there unless it's just impossible to do so."

In using the figure 99, Mansfield referred to the absence of ailing Sen. Clair Engle, D-Calif. He is listed in favor of the treaty.

A change in the expected vote lineup came Saturday when Sen. Herman Talmadge, D-Ga., said he would oppose it. He had been counted as inclined to vote for the treaty. He said he believes the pact is "too great a military gamble and would pose too great a threat to our national security."

Memorials Held For Negro Girls

By The Associated Press

Some 4,500 persons — both Negro and white — marched in silence through downtown Grand Rapids Sunday in memory of the four Negro girls murdered in the Birmingham, Ala., church bombing a week ago.

A similar demonstration in Muskegon Heights, another west Michigan community, was followed by a half-hour memorial service.

Both marches were sponsored by the local chapters of the National Association for the Advancement of Colored People.

At Grand Rapids, the line of marchers stretched out about 1 1/2 miles along the city's main street. It ended at city hall, where civic and religious leaders spoke against racial injustice.

The Muskegon Heights march ended in Rowen Park where Dr. James Jackson, a physician and civil rights leader, outlined a four-point plan.

Dr. Jackson urged all Muskegon Negroes to join the NAACP, stress education to their children, spend their dollars only in stores which hire Negroes and not buy property from any real estate dealer unless "all homes on his list are available to you."

The commission said "governmental support is necessary if a strong and active U. S. flag fleet on the Great Lakes is to be preserved."

It said U. S. shipping on the lakes had declined in recent years and attributed "the industry's present plight to the opening of the Great Lakes to low cost foreign-flag shipping as a result of the St. Lawrence Seaway and to the advantageous position of Canadian shipping as a result of subsidies."

The commission urged Congress to support legislation which would "provide federal aid to U. S. operators on the Great Lakes."

The 20-hour flight is due to end in Saigon Tuesday night, Viet Nam time.

The McNamara-Taylor plane will make one refueling stop on the way at Elmendorf Air Force Base in Alaska.

The presence of Ball at the White House meeting indicated that McNamara and Taylor will examine the political as well as military situation in Viet Nam.

The farewell White House meeting obviously was intended to dramatize the mission and to demonstrate that McNamara and Taylor—two of the toughest men in the administration—carry the President's authority and backing.

Plans for the week-long visit of McNamara and Taylor in the tortured Southeast Asian country had a distinct non-sensational tone.

One top source said McNamara and Taylor will be out "under every bush and tree" in South Viet Nam, judging for themselves whether the U.S.-supported fight against Communist guerrillas has been set back by internal religious-political divisions there.

Two Of Toughest Advisers Sent To Trouble Area

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, flew to South Viet Nam today on a special fact finding mission for President Kennedy.

Their Air Force transport plane was airborne from Andrews Air Force Base at 10 a.m., shortly after they received final instructions from the President at the White House.

They were with the President 32 minutes. Undersecretary of State George Ball and presidential assistant McGeorge Bundy also attended.

Speaking with reporters briefly before takeoff, McNamara said that until recently the progress of the anti-Communist military effort by the South Vietnamese forces with U.S. support had been "proceeding very satisfactorily."

He said he and Taylor were going to the vital Southeast Asian country to determine "whether that military effort has been adversely affected by the unrest of the past several weeks."

By unrest, McNamara obviously meant the political turmoil within South Viet Nam resulting from a recent crackdown by the Vietnamese government on Buddhists, students and other opponents.

These actions by President Ngo Dinh Diem have brought his government into policy conflicts with the United States.

When reporters asked whether his hurry up mission indicated a deteriorating military situation in South Viet Nam, McNamara replied "definitely not."

He added that he did not want to draw any conclusions in advance of his week-long inspection and survey which would take him and Taylor the length and breadth of the tortured country and into contact with senior U.S. military diplomatic officials and Vietnamese authorities.

No Nonsense

The British considered the issue serious enough to ask support from other embassies. U.S. Ambassador Howard P. Jones and the Australian, Canadian and French ambassadors rushed to the embassy.

The mobs that burned the embassy Wednesday were protesting the creation of the British-protected Federation of Malaysia, Singapore, Sarawak and Sabah (North Borneo), all former British territories.

To avoid a diplomatic break, Indonesia promised that British lives and properties would be protected, but a number of British enterprises have been taken over by the government, at least temporarily. Indonesian officials say they acted to keep workers from seizing them.

Tax Cut To Be Big Battle Of Week In House

WASHINGTON (AP)—Two key measures in President Kennedy's foreign and domestic legislative programs come to votes this week in the Senate and the House.

After two weeks of debate, the Senate will vote Tuesday on the limited nuclear test-ban treaty. Ratification requires two-thirds approval — 67 if all 100 senators vote. Administration leaders believe they will do better than that. No House action is required.

The big battle of the week will be fought in the House, which plans to vote Wednesday on the Kennedy-backed bill to cut taxes about \$11 billion over the next two years. This measure is the cornerstone of the administration's economic program.

Republicans are supporting almost solidly a proposal to tie the proposed tax cut to reduced federal spending. Their plan would make tax relief contingent on an official statement by the President that spending this year will not exceed \$97 billion and \$98 billion next year. This would require a cut in planned expenditures for both years.

Many Southern Democrats are expected to support the Republican plan. The latest unofficial nose-count indicated the margin of victory or defeat would be only a handful of votes, with both sides claiming the edge.

The Senate crime investigating committee headed by Sen. John L. McClellan, D-Ark., will reopen hearings Wednesday with Atty. Gen. Robert F. Kennedy as the leadoff witness. Ex-mobster Joseph Valachi, who has told Justice Department officials about the inner workings of the nation's organized crime, is scheduled to testify later.

Jakarta Averts Rift With British

JAKARTA, Indonesia (AP)—The British-Indonesian dispute flared again today over the guarding of Britain's ruined embassy, burned by mobs in a wave of violence that almost caused a diplomatic break.

A diplomatic crisis was averted when Gov. Sumarno Sosroatmodjo of Jakarta agreed through a police representative to a joint British-Indonesian guard to protect documents in the embassy's vault.

British Ambassador A. G. Gilchrist had just told a news conference that a senior police official had refused to let him into the embassy Sunday night. He suddenly broke off the conference and hurried to the embassy.

Embassy informants said Gilchrist had just been informed that Indonesians were trying to break into the vault. This time Gilchrist brushed past protesting Indonesian police and remained in the embassy for an hour and a half until the guard agreement was reached.

The British considered the issue serious enough to ask support from other embassies. U.S. Ambassador Howard P. Jones and the Australian, Canadian and French ambassadors rushed to the embassy.

The mobs that burned the embassy Wednesday were protesting the creation of the British-protected Federation of Malaysia, Singapore, Sarawak and Sabah (North Borneo), all former British territories.

Rusk Books Talks With 11 Ministers

NEW YORK (AP)—Secretary of State Dean Rusk set a fast pace for diplomatic base-touching today by scheduling talks with 11 foreign ministers.

The six foreign ministers from Central America—Guatemala, El Salvador, Nicaragua, Honduras, Costa Rica and Panama—planned to visit Rusk in a group a 5 p. m. EDT.

Other foreign ministers were coming by almost every hour on the hour during the working day to chat with Rusk at the headquarters of the U.S. mission to the United Nations, across the street from the U.N. headquarters.

The secretary's visitors included the foreign ministers of Spain, Peru, Ireland, Brazil and Nigeria. Rusk and the U.S. delegation also were lunching at the United Nations as guests of Secretary-General U Thant.

Rusk arrived from Washington over the weekend to talk for the next 10 days with as many as possible of the 70 or so foreign leaders attending the fall session of the U.N. General Assembly.

Rusk's most important discussions, with Soviet Foreign Minister Andrei A. Gromyko, are expected late this week. They will meet then to see what further East-West accords are possible as a followup to the limited nuclear test-ban treaty.

In a speech Sunday at the dedication of a church building opposite the U.N. grounds, Rusk said: "I do not see on the immediate horizon dramatic and sweeping solutions to divisive and dangerous problems, but we must work toward them steadily, patiently, and ceaselessly."

"Small steps are worth taking because we may find them to be the key to larger ones."

Slain Wife Found In Wall Tomb

LOS ANGELES (AP)—Police say a 72-year-old carpenter admitted he killed his wife and entombed her in a wall in the belief—apparently erroneous — "she was running around with other men."

Mid-mannered Joseph Lewis was arrested Saturday in a service station by an off-duty police detective who recognized Lewis's car from broadcast descriptions.

A murder warrant was issued against Lewis after police, suspicious of a freshly plastered bedroom wall in the couple's home, opened it Sept. 12 and found the decomposed body of his wife, Anna, 70.

After his arrest, Lewis was taken to the police station and told: "Anna was found."

No Findings Yet On Cause Of Jet Crash At Sawyer

MARQUETTE — Officials of K. I. Sawyer Air Force Base Saturday morning reported no findings had yet been made by the board of officers investigating the cause of the jet fighter crash which Wednesday night claimed the lives of two officers.

The accident occurred at 8:50 p. m., while attempts were being made to land an F-101B Voodoo jet, returning from a routine flying mission. Killed were Capt. Floyd J. Chandler, 28, the pilot, and Milton M. Mertins, 29, the radar observer-navigator.

Wisconsin Driver Ticketed For Two-Car Mishap

Sheriff's officers ticketed Albert E. Johnson, 67, of Brown, Wis., for improper passing, following an accident at 4:45 p. m. Sunday on M 35, near Ford River.

According to police, a car driven by Marylee M. Clairmont, 17, of 1609 Sheridan Road, had slowed to make a left-hand turn when the car driven by Johnson came up from behind and attempted to pass causing the two cars to collide.

No one was injured.

BILL PERRON ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: I have just gotten a new fur coat and would like to know if it can be insured against theft by just adding it to our residence theft policy?

ANSWER: It would be better to insure it with what is called a fur floater policy which will cover it against many other forms of loss or damage besides theft. The cost is very low and you should see a good agent about it.

Soil District To Expand Work

Daniel Barron of Cornell, chairman of the Delta County Soil Conservation District, and Irwin Ten Haken, soil conservationist of the district, left today for the Northern Great Lakes Land and People Conference at Duluth Tuesday and Wednesday.

A special event has been set up for Soil Conservation Districts and on Wednesday the local men will get Secretary of Agriculture Orville Freeman's personal signature on their modernized conservation agreement.

Delta is one of 81 counties participating in the conference aimed at studying the potential for better use of resources in the Northern Great Lakes Area. The Delta District covers 755,000 acres including large holdings by the U.S. Forest Service and the Michigan Department of Conservation. It was established in 1950.

The updated work program of the district reflects the concept that resource conservation in the 1960s has broadened to include many new activities under the Department of Agriculture's Rural Areas Development program. This is the basis for the new agreement to be signed by Freeman. Special objectives are recreational developments on private land, pollution control, prevention of erosion on new building sites, and a stronger attack on water conservation.

Delta has 400 landowners and operators cooperating in its district. Directors include Octave Carignan, Correll, Elmer Lepisto, Rock, Girard VanDamme, Rock, and Llewellyn Larson, Escanaba.

Darrell Joque In Semifinals

A Holy Name High School senior, Darrell T. Joque of 1220 1st Ave. S., is a semifinalist in the ninth annual National Merit Scholarship Program. It is announced by the National Merit Scholarship Corp.

The son of the Walter Joques, he is among about 13,000 semifinalists selected from across the nation on the basis of their performance on the National Merit Scholarship qualifying test, a three-hour examination of educational achievement.

Semifinalists become finalists in the merit program after they have been endorsed by their schools, and have substantiated their qualifying scores by an equivalent performance on a second examination.

The selection of the Merit Scholars from the finalist group is a process of combining test scores and human judgment.

The scholarship winners and their high schools will be notified in confidence in April of 1964 and public announcement of their names will be made later that month.

Each scholarship is for four years and carries a stipend which varies from a minimum of \$100 to a maximum of \$1,500 a year. A supplementary grant to the college accompanies most Merit Scholarships.

The second unit of a double-bottom tanker owned by the Mercury Transit Co. of Escanaba, became disconnected, ran off the highway and rolled over on its top while carrying 4,600 gallons of gasoline near the Day's River Bridge on U.S. 241 about 8:15 a.m. today. The tanker, the last of the two being pulled by a semi-truck, went out of control when the trailer hitch broke as the truck hit a bump in the road. State Police reported the tanker was traveling north and that the trailer unit crossed the highway and went off the east side. There was no leakage of gasoline in the mishap. The tanker weighed 46,000 pounds. (Daily Press Photo)

Stewardship Drive Plans Made At Christ The King

The Stewardship Committee of Christ the King Lutheran Church on Escanaba's northside has set Sunday, Nov. 3 as "Stewardship Commitment Sunday" for the congregation's annual drive. The campaign theme is "The Challenge of Tomorrow."

The following appointments have been made and accepted: Percy Clouse, general campaign chairman; Leonard Erickson, assistant general chairman; Charles VanDeWeghe, visits chairman; Walter Olson, assistant visits chairman; Dennis Schaefer, service chairman; Mrs. Leonard Erickson, assistant service chairman; Arnold Ottensman, Education chairman; and Mrs. Clarence Anderson, assistant education chairman.

Beginning Sunday, Oct. 6, and continuing each Sunday through the month a series of "Temple Talks" on Stewardship will be given by various lay leaders in the congregation in addition to the sermon by the pastor.

According to the Rev. Erlend E. Carlson it is expected that the congregation will receive for 1963 a total of \$30,000 from its confirmed membership of 315. Ingebedness on the parsonage will be paid up by March of 1964 and a new church savings fund will then be instituted.

Personals

Mr. and Mrs. M. J. Tonkin, 908 S. 14th St., have returned from a motor trip with Mrs. K. J. Tonkin and son Allan of Glenview, Ill., who returned to Williams College in Williamstown, Mass. The Tonkins also stopped in Erie, Penn., Albany and Niagara Falls, N.Y., and other places enroute home.

Keeping Air Service

Mario Fontana of Iron Mountain, a member of the Michigan Aeronautics Commission, made the most helpful suggestion at the recent air service conference in Escanaba. He suggested that the way to keep Upper Peninsula air service is to use it, so that it can be bettered with usage. There is no other basis on which services can be improved, because it must pay its way under Civil Aeronautics Board controls, which supply subsidies to get air service started but on a use it or lose it basis.

Like many other best solutions to problems, Fontana's isn't easy. The Upper Peninsula needs the air service which North Central provides. It needs it not only for its own convenience in commercial and pleasure travel, and in emergencies, but it particularly needs it because it is vital to the area's ambitions for economic development. Industry never chooses isolation for its operations, always insists upon communications and transportation.

Kenneth Dorman, acting chairman of the U. P. Air Service Committee, reported at the conference that North Central had reduced its arrivals and departures in the Upper Peninsula 30 per cent since 1961. James Palm of North Central said that this report doesn't give a true picture of operations as there are more seats available to the U. P. in North Central airliners now than previously because of the replacement of DC-3 planes with the larger Convairs.

Immediately at issue in the conference called by Escanaba City Manager George Harvey was the suspension of flights on the so-called "aerial bridge" between the Peninsulas of Michigan proposed by North Central. This flight operates from Detroit to Port Huron, Saginaw, Traverse City and Escanaba and return daily. North Central asked CAB for permission to end service because the flight isn't boarding the 7 passengers per segment minimum prescribed by CAB.

Marquette, which was the northern terminus of the flight until last spring, has been taken off for lack of patronage. The flight was asked by Upper Peninsula cities in 1959 to provide better and cheaper transportation between the Peninsulas of Michigan. As scheduled by CAB, however, it does not serve Lansing, a prime goal of U. P. travel, and it provides no economy, charging the same fare as the longer flight via Green Bay, Wis.

Upper Peninsula reaction to the proposal of North Central to suspend the aerial flight was opposition. If the flight cannot be made to pay on its present route, it suggests a rescheduling to include Lansing.

The dependence of the Upper Peninsula upon air service, especially since the erosion of passenger train service in the Upper Peninsula under the competition of private car travel, was stressed at the hearing. A Michigan Tech spokesman cited the harm to the college in ending a night flight, which formerly served Houghton, at Marquette, so that one day visitation for business in Houghton is no longer possible. This in effect pushes Houghton hundreds of miles farther away from the metropolitan areas it serves.

The problem is a serious one for the Upper Peninsula and can really be solved only by the means Fontana suggests. Usage, while CAB insists upon an air service based on a policy of "use it or lose it."

Enjoy Bungling?

Worried about how the big boys are conducting the nation's and the world's affairs. Well, let's have a little look at how things are going down in the Department of Small Affairs.

A friend who was going on vacation made the usual arrangements about stopping his newspapers and having his mail shifted to the holiday spot.

One newspaper was cut off two days before the date he requested. The other was continued for two or three days after he left town.

When he got to his vacation hideout, he found that his first-class mail was being forwarded as he had asked. But so were his magazines, which he had asked the post office to hold until his return.

They, of course, all arrived "postage due." If he declined to pay the charge, they were simply tossed away, not sent back where they should have been held in the first place.

Then the man's wife had to go home early. She quickly requested resumption there of first-class deliveries. For the next 10 days, half such mail came to their home and the rest to the vacation place.

Now there is this other matter. A business outfit which is moving its quarters from one building to another was startled one Monday morning to discover its telephone service had been prematurely cut off.

For four hours the firm was severed from the outside world. But the telephone company mustered its resources and was equal to the occasion. One of its eager agents stepped into the breach:

"I'll report your trouble. Can you be reached by phone, sir?"

The Press' editor undertook on one occasion to correct an addressing error which was sending him four copies of everything mailed by a large industrial concern. His reward was to be cut off the mailing list entirely. So now when he gets mail in duplicate, triplicate or quadruplicate—which is commonplace, by the way—he just lets it pile up in the wastebasket as a price of progress.

Should you imagine these are isolated samples, ask around. Have you tried to change address on any of your magazine subscriptions lately? That'll keep you busy for a couple of months.

So, now, what's all this about the big fellows bungling the Cold War?

A Lusty Infant

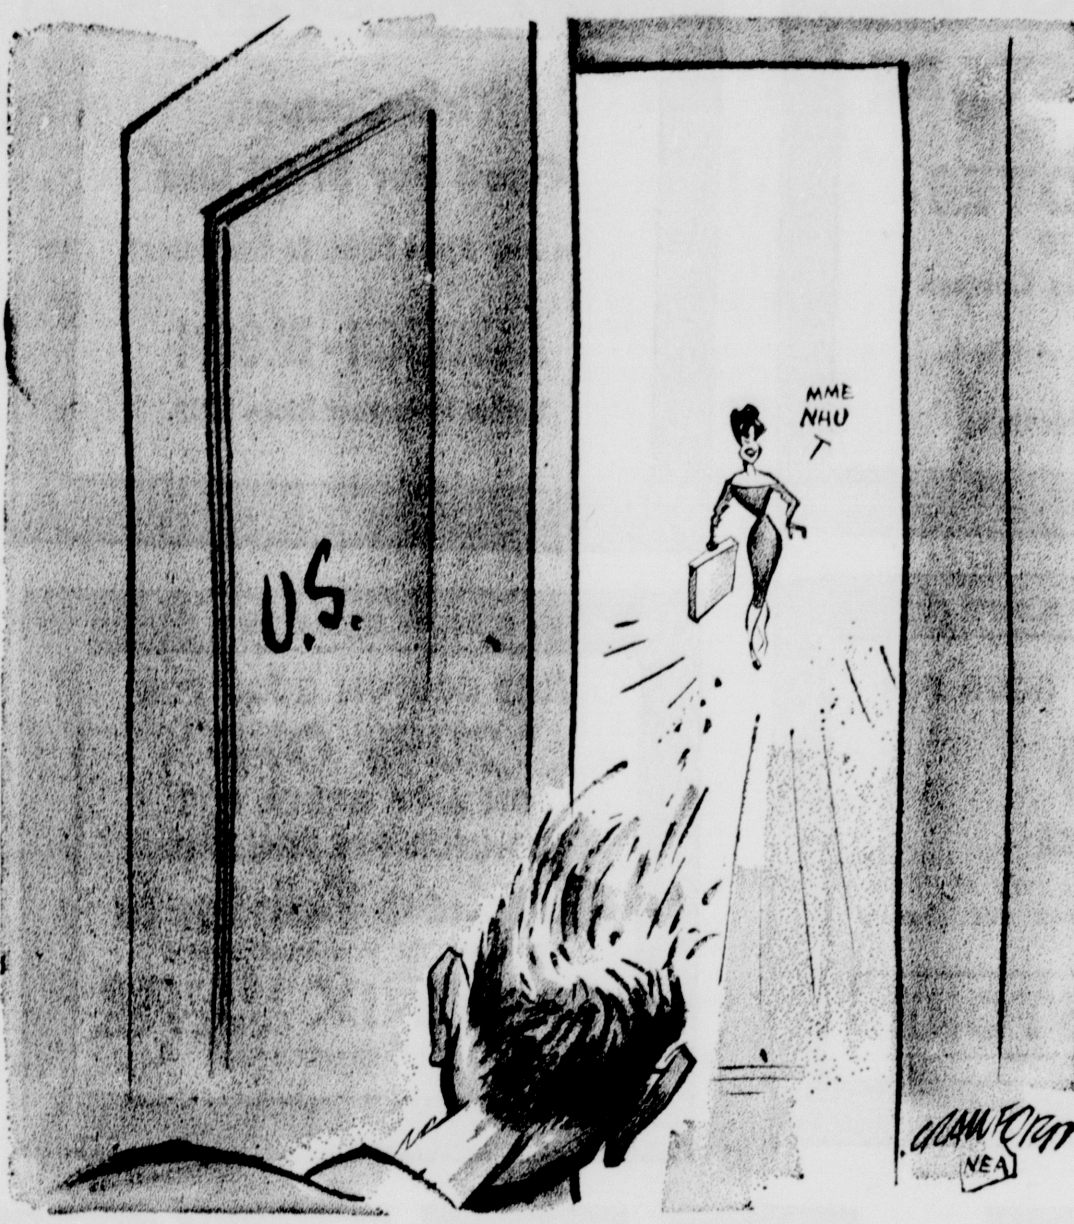

The government of Indonesia has officially changed the name of the Indian Ocean to the "Indonesian Ocean" on its maps.

The Romans once called the Mediterranean "Our Sea." Such national egotism was not disputed; if it was, the upstarts were soon shown the error or their ways.

Indonesia is the fourth largest nation of the world in population and stretches over a vast area of the South Pacific. It is rich in resources and could well one day become a major power.

At present, however, it is doubtful if anyone will take much notice of the Indonesian exercise in grandeur. Map changes and myths produced for home consumption are poor substitutes for concrete economic and political advances toward strong nationhood.

The summer just past was one of the hottest and driest the nation has seen in many years. Chicago, for instance, experienced 39 successive days of 90 degree weather. Escanaba and vicinity, while spared much of this uncomfortable weather, had a number of days of record breaking heat.

Miss Hilma A. Larson, 215 N. 16th St. and Mrs. John Breitman, of Bay View, have just returned from a several weeks trip in which they visited friends and relatives in Missouri, Montana, Washington and California.

Mr. and Mrs. Cecil Collins, 113 N. 14th St., returned last night from a two weeks vacation in the east. They visited Niagara Falls, Toronto, and other points of scenic and historic interest in the area.

The Shepeck Dimension Co. has taken over the I. Stephenson plant at Wells, according to announcement today. The Stephenson company has operated the plant for the past 23 years.

The Bark River Lions Club at this week's regular meeting, voted to assist farmers in the area with their potato harvest.

C. P. Titus, commissioner of schools, received a letter today stating that among a number of Japanese souvenirs picked up on islands the Japanese had vacated, was a knife made of marble.

Clarence E. Kelso, president of the Industrial Finance and Investment Company, has been appointed chairman of the National Recovery Act committee for the City of Escanaba.

George A. Hamill, president of the U. P. district of Letter Carriers, announces that the annual meeting of the association will be held next Sunday in Manistique.

William F. "Billy" Girard, of Gladstone, world champion birler, will demonstrate the almost lost art of the old time riverman at the World's Fair in Chicago.

By Dr. Wayne G. Brandstadt, M.D.

When you go through nine months of impatient waiting, you want to be sure your baby will be perfectly formed in every respect. Birth defects used to occur in as many as 25 per cent of the babies in some areas. Now the proportion in this country is about 2 or 3 per cent.

Accurate figures are hard to get because many of the defects discovered are of little consequence and so are ignored. Others, although present at birth, do not become manifest until months or years later.

Medical scientists are now convinced that the proportion of birth defects can be further reduced; but first we must find the causes. Several have already been found, and each cause that is discovered gives us the clue to prevention.

The age of the mother appears to be one factor. Although most babies born to mothers who are under 20 or over 40 are normal, over the percentage of birth defects in these age groups is significantly higher than in mothers whose age falls between these extremes.

Babies born to unwed mothers also show a higher rate of defects than those born to couples who are married. These factors (age and legitimacy) are probably not directly responsible for the defects seen, but are most likely linked with economic, emotional or nutritional factors.

We have known for several years that about 17 per cent of women who contract German measles in the first three months of pregnancy will give birth to deformed babies. No such definite

relation between deformity and other viral diseases has yet been proved, but the subject is being carefully studied. More recently, the drug thalidomide was found to be an even greater hazard.

Various other drugs, notably quinine, some of the sulfas, vitamin K, the anticoagulants, iodides, cortisone and other hormones are known to cause defects of one kind or another. Radiation in the first three months of pregnancy can also cause deformity, and Rh incompatibility can cause a serious blood defect in the newborn.

As a result of these findings it has been possible to formulate some rules for prospective mothers:

• Before marriage, take the protective immunizations for all the common infectious diseases for which such shots are available.

• Keep yourself physically fit. Place yourself under the care of a doctor as soon as you find out you are pregnant, and follow his instructions.

He will try to prevent your having a premature baby. Cooperate with him.

• Do not take any drugs during pregnancy unless prescribed by your doctor. Don't demand that he give you drugs for every little discomfort.

• Be sure your physician and your dentist know you are pregnant when they order X rays for you.

• Avoid having a general anesthetic if you are pregnant and need an operation. Have your own and your husband's Rh blood group checked.

Washington Comment

By WASHINGTON STAFF

WASHINGTON—(NEA)—Census Bureau officials are biting their nails trying to figure out when the population of the United States will hit 190 million.

They've planned a small shindig for the press and photographers sometime on Sept. 27—their closest estimate at the present—in the Commerce Department's main lobby before the big electronic population indicator.

Every 7½ seconds a light flashes on the machine to show that a baby was born. Every 18½ seconds, another light shows that someone died. And every 11 seconds the total population figure at the top of the board clicks up one figure.

Idea of the celebration is for everyone to witness the big whirl of figures when the machine clicks from 189,999,999 to 190 million.

But the board is just like any other government statistic. It has to be seasonally adjusted. The final figures on summer immigration and emigration have to be released before the Census Bureau can figure the exact hour and minute of the big moment.

Says one official: "We're just praying it won't be at some wretched hour like 3 o'clock in the morning. That might spoil our party."

But this probably will be a tame affair compared to the hootenanny that will be held sometime in January, 1967, when the machine will click from 199,999,999 to 200 million.

Solicitor General Archibald Cox, making a Washington talk, got a little mixed up the other day on how many amendments there are to the U. S. Constitution.

"I'm not sure now," he said, "whether there are 21 or 22." His host, Jacob Clayman of the A. P. L.-C. I. O.'s Industrial Un-

GLADSTONE

Gladstone Golf Party Is Oct. 5

The final golfing party of the 1963 season will be held at the Gladstone Golf Saturday, Oct. 5. Featured will be a one-club, plus a putter tournament on a handicap basis. Foursomes will be made-up as they arrive. Tee-off time is 2 p. m.

The cocktail hour, dinner and dancing will follow the afternoon golf. All members and their guests are invited.

Autumn Tea

Women of Trinity Episcopal Church will present their annual autumn tea at the church Wednesday afternoon. A program, composed of violin selections by Mrs. August Brazeau, of Escanaba, selective readings by Mrs. Henry A. Donnelly, also of Escanaba, vocal selections by Mrs. James Johnson, accompanied by Mrs. Helene Merki at the organ, will be presented at 2:30 p. m.

A tea will follow the program. Mrs. Ed Apelgren and Mrs. Francis Youngs are in charge of the decorations. The public is invited to attend.

Drowning Tragedy Victims To Have Double Funeral

Final rites for two Escanaba boys who together met death by accidental drowning and were the object of a week-long search until their bodies were found on Saturday will be held in a double funeral at St. Patrick's Church Tuesday morning.

The bodies of the boys, John Jensen, son of the Raymond Jensens, and Charles Kobasic, the son of Mr. and Mrs. Peter Kobasic, were recovered from the water of Little Bay de Noc about noon Saturday.

They had drowned in water that ranges upwards to 10 feet in an area on the south shore of Ludington Park, a short distance east of the tennis courts. Nearby was a flimsy raft of logs.

The body of the Jensen boy was recovered first and that of the Kobasic boy was lifted by drags about an hour later.

No Violence

Saturday evening an autopsy to determine the cause of death was performed at the Anderson Funeral Home by Dr. Guy W. Holmes, Marinette pathologist, and Dr. Thomas A. McInerney, Escanaba medical examiner. State Police detectives and other law enforcement officers were in attendance.

Death was caused by accidental drowning, it was reported. There was no evidence of violence.

The boys had been last seen by their families at 10 a. m., Sunday, Sept. 15.

There followed a wide-ranging search that extended into other states and in the Escanaba area was most intensive, with block-by-block inspections of buildings and the use of volunteer searchers in combing woods and brush outside of town.

Tells Of Dream

Bloodhounds traced a route from the Jensen home to the yacht basin in Ludington Park. State Police divers and local volunteer divers searched the weedy bottom, working their way along the shore to the south where heavy growth of reeds in the shallows is in-

terspersed with deep holes.

At one time early last week more than 2,000 persons, mostly volunteers, were engaged in searching areas extending as far as 15 miles south of Escanaba.

The dream of an unemployed printer led Arthur F. Bazner of 812 1st Ave. S., to the spot where the boys' bodies were found. Bazner has resided in Escanaba about four months. He boards at the Arthur Gerue home, where at breakfast Saturday morning he told Mrs. Gerue of his dream of seeing the boys' bodies in the water.

"He said he wanted to go out and search again, as he has every day since the boys were missing," she said. "He was going to help me with the dishes and I said, 'No, never mind, you go along.'"

Bodies Recovered

The police reported that Bazner told them he came to Escanaba to avoid hay fever about three months ago. They said Bazner told them he arrived at the shore of the bay about 9:30 a. m., and sometime before 10 a. m., saw what he thought was the body of one of the boys.

"I dreamed last night that I would find the body here and this morning I saw it," Bazner told officers at the scene.

At the shore he saw a man and spoke to him. It was Raymond Jensen, Escanaba policeman and father of John, the drowning victim. Jensen, who was in plain clothes, left and returned with a fellow officer.

Bazner also talked to William Flath and Harold Olsen, who notified the office of Sheriff Cully Johnson. John Chriske, Escanaba district supervisor for the Department of Conservation, aided in recovering the body of the Jensen boy.

Dragging followed and the body of the Kobasic boy was recovered a short time later.

Quest For Clues

Earlier on Saturday Miss Nancy Jensen, older sister of the drown-

Recovery of the body of Charles Kobasic occurred shortly after 1 p.m. Saturday from this boat, manned by Deputies Jack Hemes and John Peltier and assisted by Ray Witkoff, volunteer. (Daily Press Photo)

Arthur Bazner, recently of Chicago and now residing at 812 1st Ave. S., discovered the body of John Jensen in the water a short distance off shore at the south side of Ludington Park Saturday morning. Bazner told authorities he had in a dream the night before learned where the bodies would be found. (Daily Press Photo)

Mrs. Henschel, 74, Is Called

Mrs. Pauline Henschel, 74, of Engadine, died at 6:25 a. m. Sunday at the Tanqueren Hospital following a short illness.

She was born Feb. 8, 1889, in Russia and had been a resident of Engadine since 1907. Her husband, August, died in 1926. She was a member of the Bethlehem Lutheran Church.

Survivors include four daughters, Mrs. Stokes Harkey of East Bend, N. C., Mrs. John McGee of Walkertown, N. C., Mrs. David Brown and Mrs. Earl Schmidt of Engadine; four sons, Albert of Engadine, Harvey of McMillan, Ferdinand of Newberry and Herbert of Iron River, 22 grandchildren and 10 great grandchildren.

The body is at the Boileau Funeral Home where friends may call after 2 p. m. Tuesday. Services will be conducted at the Bethlehem Lutheran Church at 2 p. m. Wednesday with Rev. Allen Parks officiating. Burial will be in the church cemetery. The body will lie in state at the church from 12:30 p. m. Wednesday until time of the service.

Mike Urgell, 72, Called By Death

Mike Urgell, 72, formerly of 605 Stephenson Ave., died at 9:30 a. m. Saturday in the Delta Nursing Home where he had been a patient for the past five years.

Mr. Urgell was born April 23, 1891 in Russia and had been a resident of Delta County for a number of years. He was a woodworker by trade.

The only known survivor is a sister who resides in Russia.

The body was taken to the Anderson Funeral Home where it will lie in state from noon Tuesday until the time of service at 1:30 p. m.

Complete funeral services will be conducted from the funeral home at 1:30 p. m. Tuesday with the Rev. Ben Helmer officiating. Burial will be in Lakeview Cemetery.

Don Kern Named Head Of Clinics In Oakland County

DETROIT — Appointment of Donald Kern as clinic administrator of the Oakland County Child Guidance Clinics has been announced.

A psychiatric social worker, Kern has been serving as program director of the South Oakland Clinic in Royal Oak since April, 1962. He will continue to hold that position also until a replacement is found.

In his new job, Kern will supervise the administration of the Royal Oak Clinic, and those in Birmingham and Pontiac.

Employed in Michigan child guidance programs since 1962, he was a staff member of the Wayne County Children's Center, chief social worker at the Twin City Child Guidance Clinic in Benton Harbor and supervisor of the Escanaba branch of the Upper Peninsula clinic.

ing victim, had gone into Wisconsin to seek clues of the missing boys.

With Richard Polequin, 306 1/2 N. 15th St., city employee and volunteer, they had searched from Escanaba to Green Bay halting at gas stations and elsewhere to inquire about the boys. They would show the attendants pictures of the boys and ask if they had seen them.

They were working along U. S. 41 between Green Bay and Milwaukee on Saturday when the bodies of the boys were found in Escanaba. State Police of the Gladstone Post notified Wisconsin police to locate Nancy and Polequin, but they were not found and told of the tragic news until Saturday evening.

Double Funeral

John James Jensen was born July 3, 1954, in Escanaba. He was in the fourth grade at the John A. Lemmer School.

Surviving are his parents, Mr. and Mrs. Raymond Jensen, two sisters, Nancy and Juliann, Escanaba, two brothers, Robert, in the U. S. Navy, and Clifford, at home, and the maternal grandparents, Mr. and Mrs. Clifford Blixt, Escanaba.

Charles Stevens Kobasic, son of Mr. and Mrs. Peter Kobasic, 607 S. 13th St., was born in Escanaba March 7, 1956, and was in the first grade of St. Patrick's Parochial School.

Besides his parents he is survived by eight brothers, Joseph, in the U. S. Navy, San Diego, Calif., David, James, Michael, Richard, Robert, William and George, and his grandmother, Mrs. Joseph Saykly.

Double funeral services will be held Tuesday at 9 a. m., at St.

The annual Veterans of Foreign Wars service school of instruction will be held in the VFW clubrooms at Menominee on Friday, Sept. 27, at 7:30 p. m., and at Manistique on Tuesday, Oct. 1.

The meeting is designed for the training of Post and Auxiliary service officers but will be of interest to all members. Local VFW and Auxiliary members are expected to attend.

The annual fall rally of the 14th District VFW Post and Auxiliaries will be held at Big Bay on Sept. 28-29, beginning at 10 a. m., Saturday.

Joint memorial services will be held at 4 p. m., Saturday with 14th District Chaplain Wilfred Doucette in charge. A social and dance will conclude the day's activities.

A school of instruction will be held on Sunday morning followed by a noon luncheon at Bay Cliff Health Camp.

James Howland, 14th District commander, is in charge of the rally for the Posts and District Auxiliary President Lucille Cholerger of Bark River is in charge of arrangements for the district Auxiliary meeting.

Patrick's Church with the Rt. Rev. Msgr. Martin B. Melican officiating. Burial will be in Holy Cross Cemetery. Friends may call at the Anderson Funeral Home after 2 p. m., today.

\$1.8 Million Given To Michigan State

EAST LANSING (AP) — Michigan State University was \$1.8 million richer after acceptance of gifts and grants by the Board of Trustees.

Major grants accepted at the board meeting Thursday were \$202,000 from the Ford Foundation to continue a program in Pakistan, advising on rural development.

The National Defense Student Loan Agency granted \$180,000 for student loans at Oakland University.

The Department of Health, Education and Welfare granted \$172,500 for the expansion of doctoral programs. The Vocational Rehabilitation Administration contributed \$108,038 to continue training rehabilitation counselors.

Longevity Linked To Mom's Age

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't have to open his mail:

How long you will live may depend partly on how old your mother was when you were born. Children of young mothers have fewer birth defects and a longer life span than the offspring of older women. The age of the father doesn't seem to make much difference.

Prosperity note: Americans write about 12 billion checks a year.

One reason there are more widows than widowers: Accidents take the lives of twice as many men as women. The stress diseases of civilization also are far more fatal in weakling men than in the more durable sex.

Household helps: If your plastic table tennis ball gets a dent in it, simply dunk it in boiling water. If the ball has no holes, it will quickly reassume its proper shape.

The high cost of government: Forty years ago Americans paid only \$4 billion a year—\$37 a person—for state and local taxes. Today state and local taxes have soared to \$44 billion, or about \$241 for every man, woman and child.

Our quotable notables: "When archaeologists discover the missing arms of Venus De Milo, they will find that she was wearing boxing gloves." — John Barrymore.

Social milestone: For the first time in history, fewer than 10 out of 100 Americans are now farm dwellers.

Education: Several smaller nations have outstripped the United States in the matter of literacy. Iceland, for example, has no illiteracy among its normal adults, all can read or write.

Hairy history: In 1447 the Irish

pushed a law that no man could wear a beard above his lips unless he wanted to pass as an Englishman. The English themselves started the custom of daily shaving around 1660. In Russia, beardless Peter the Great made noblemen pay a special tax if they wore whiskers.

Arboreal lore: The Olive tree is the longest-lived of fruit-bearing trees. Some in the Garden of Gethsemane in the Holy Land are estimated to be over 2,000 years old.

It was Sherwood Anderson who observed, "The true history of life is but a history of moments. It is only at rare moments that we live."

Guard Exempted In Racial Bar

WASHINGTON (AP)—The Defense Department is rewriting an anti-discrimination directive to make clear it does not apply to the National Guard while under state control, it was learned today.

By so doing, the Pentagon probably will avoid a clash with southern governors and head off more difficulties with southern congressmen already on the warpath against Secretary of Defense Robert S. McNamara's efforts to ease discrimination against Negro servicemen.

Earlier this week, it was disclosed that the Air Force, Army, Navy and Marines had acted to bar participation by any of their units or equipment in public events where admission, seating or other accommodations are racially segregated.

Newspaper Builds Readership Early

Reader Richard Couch

MEMPHIS, Tenn. (NEA)—Richard Couch awaits the newspaper carrier every afternoon. When the paper arrives he grabs it quickly, scans the headlines, then sits and reads it through.

Hardly an exceptional occurrence on the American scene—except that Richard is just 4 years old.

To an investigating reporter he read aloud a front-page account of a truck fire. Then he moved to other sections of the paper. He could pronounce almost all the words. He had trouble with "spectacular."

Psychology and child education experts at Memphis State University claim that Richard's talent is abnormal — especially considering that neither his mother, Mrs. Gloria Couch, nor anyone else has attempted to teach him.

Mrs. Couch, who left school after the ninth grade, said that Richard began reading at age 2. She plans to have him tested at the local Child Guidance Center.

She hopes to place him in a private kindergarten, because the public schools will not accept a reader of 4.

Why are some drugs like "ecstasy sauce?"

If you read "Li'l Abner" you may recall how the Gourmet's Club plotted to make "Ecstasy Sauce" from the Yokums' pet pig, Salomey. Recipe: Boil down one hammy alabama (Salomey) until just one single, solitary delicious drop remains—and that is "Ecstasy Sauce." In terms of food, this is humorously ridiculous, but it's actually routine in the making of drugs. Often hundreds of pounds of raw materials must be processed and reprocessed to obtain one tiny pinch of the active medication. Which helps explain why modern drugs are so potent, and why we pharmacists dispense them only when your physician writes a prescription.

Rapid River Couple Married 50 Years

Mr. and Mrs. Ray LaBumbard, prominently known residents of the Rapid River community, whose golden wedding day was Thursday, Sept. 18, were honored at an observance of the happy occasion during the weekend.

A family reunion, with a dinner at Jack's Restaurant in Rapid River Friday evening, and a surprise reception and program Saturday evening at Rapid River Congregational Church, marked the anniversary.

The festivities at the church opened with a potluck supper with a large wedding cake centering the table.

Church Program

The entertainment was a skit, "This Is Your Life," with Albert Wickham, moderator, and in the cast, Mr. and Mrs. Robert Olson, Mrs. Charles Bowen, Mrs. Beth Wilbee, Albert Bond, Mr. and Mrs. Lowell Columb, Mrs. Esther Caswell, Mrs. LeVina Moss, Rev. and Mrs. Charles Hazard, Mrs. Andrew Burnett, Mrs. Clara Jenkins and Mrs. Albert Wickham.

The honor couple was presented with a purse and other anniversary gifts.

Mr. LaBumbard was born in Egg Harbor, Wis., April 15, 1890, and his family moved to Rapid River the same year. He is a son of Mr. and Mrs. Edward LaBumbard and one of 13 children. Mrs. LaBumbard, Abby, was born in Rapid River June 22, 1893, a daughter of Mr. and Mrs. Edward Short, and she had two brothers and two sisters.

They have two sons, Howard, Minot, N. D., and Keith, Detroit, and one daughter, Carol, who is

Supervisor Will Visit Jehovah's Witnesses Here

Ronald T. Soliday

Patrick Madden, presiding minister of the Escanaba congregation of Jehovah's Witnesses, announced the tri-annual visit of circuit supervisor, Ronald T. Soliday, during the week, Sept. 24-29.

"The congregation anticipates a week of increased activity and spiritual benefit from Soliday's visit," Madden stated. The visit is described as part of an advanced training program for Jehovah's Witnesses. The activity scheduled is also designed to encourage more Bible discussion by people of all faiths in the community.

The program will begin Tuesday at 7:30 with a ministry training school. The evening will conclude with a 30 minute discussion by Soliday.

Wednesday through Sunday some time will be devoted to field missionary service each day. Soliday will join ministers from the local congregation in making calls on residents in the community. This is part of the regular door-to-door ministry and training program of Jehovah's Witnesses.

The Saturday evening program, which begins at 8, will include a half hour Bible discussion period, "New Things Learned," which consists of new findings by Bible scholars in recent months. The audience will participate in this session. A 30 minute discourse by Soliday dealing with counsel for improving one's personal ministry concludes the session.

Highlight of the week comes Sunday at 3 p.m. when Soliday gives the public talk, "Building a Happy Human Family." A congregation Bible study using the Watchtower magazine as an aid and final remarks by Soliday, bring the week's activity to a close. All meetings will be held at the Kingdom Hall, 1201 Sheridan Rd. Persons of good will are welcome and no collections are taken.

Escanaba Woman's Club opening dinner meeting Wednesday evening at the Dells Supper Club will feature a special program, "Field of Fashion," Richard Tydeman, an all-women minidrama. Among the models appearing in the cast, in full costume, are, from the left: front row, Mrs. Ernest Belanger and Mrs. D. Douglas Seelen; center, Mrs. Edward C. Fordney; back, Mrs. Harold Muncy, Mrs. William Mulvaney, Mrs. Sherwood Trotter and Ms. Twin TenHaken. (Daisy I. Pess Photo)

D. A. V. Annual Fall Meeting In Menominee

Annual fall meeting of U.P. Disabled American Veterans Association and Auxiliaries, held in Menominee Saturday, Sept. 21, was well attended, with registrations near 100.

National service officer, Harold Revord, Detroit, spoke at a 1 p.m. joint meeting on new laws and benefits for veterans. Revord formerly lived in Munising.

Department field service officer, Edwin Putman, Iron Mountain, explained his new schedule for service in the peninsula. He replaces the late John M. Stukel, Calumet.

Elmer Englund, Department 1st, jr. vice-commander, Menominee, presided at the business meeting.

Mary Formolo, Department jr. vice commander at-large, Sault Ste. Marie, presided at the Auxiliary session. Reports were given by Mary Clement, Iron Mountain, as VAVS representative, on work at the VA Hospital, Auxiliary Department educational loan fund chairman, Nettie Seidl, Escanaba, explained the loan plan which is open to all members and their families. Auxiliary sr. vice commander, Olga Friske, of Benton Harbor, gave report on membership importance.

Department sr. vice commander Adolph Friske of Benton Harbor, Department 3rd, jr. vice commander Edward Mecher of Detroit and wife, Department adjutant William Isola of Detroit and wife and Department member of administration board Frank Formolo, Sault Ste. Marie, were also in attendance.

The banquet held, at 6:30 p.m.

Elizabeth Ann Cayen Bride In Appleton Rites

Nuptial vows were exchanged by Elizabeth Ann Cayen, Appleton and Michael J. O'Shea, San Francisco, Saturday, Sept. 7, at high noon in St. Therese Catholic Church in Appleton. The Rev. Robert Vandenberg performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Jerome J. Cayen, 415 Parkway Blvd., who lived in Escanaba many years before moving to Appleton and a grand-daughter of Mrs. William Goodreau, 301 S. 13th St. Mr. and Mrs. Daniel G. O'Shea, Tacoma, Wash., are parents of the bridegroom.

Jean Cayen attended as her sister's maid of honor, Mrs. John Metzger, Oakland, Calif., was matron of honor. Bridesmaid was Eleanor O'Shea, Hollywood, Calif., the bridegroom's sister.

Acting as best man was the bride's brother, Donald Cayen, Fond du Lac. Groomsmen were William Cayen, Ferndale, Mich., a brother of the bride, Lawrence J. Lundy and James Ackman, Milwaukee.

A luncheon was served at the Conway Hotel after the ceremony. Mrs. O'Shea, a graduate of St. Mary High School, Menasha, and Mount Mary College, Milwaukee,

featured Department Commander Eugene Cater from Ludington and wife. He praised work of the Auxiliary and congratulated Ernest Clement Department hospital chairman at Iron Mountain VA Hospital, also Mary Clement VAVS representative for the auxiliary, as a dedicated team doing a much appreciated job.

Rev. Donald L. Berg of Menominee Bethel Lutheran Church gave the invocation and was the solo speaker. Group singing and solo by Mrs. Odile Miller of Menominee 25 were enjoyed.

The spring meeting, official 4th Zone meeting, will be held in Escanaba. Members from Escanaba 24 attending were Mr. and Mrs. William Garbett, Mr. and Mrs. William Peters, Mr. and Mrs. Nelson Sorault, Mr. and Mrs. Alfred Holland, Mr. and Mrs. John LePine, Mrs. Bertha Trotter, Commander Auxiliary 24, Mrs. Robert Jensen, Mrs. Nettie Seidl, Mrs. Alvina Bucholtz, and John Sorault. Garbett is treasurer of the UP Association.

Cucumbers and oranges, plus greens, make a surprisingly good salad combination. Pare the cucumbers and oranges and slice into thin rounds; arrange over the greens in a salad bowl; cover tightly and refrigerate. At serving time, toss with a creamy Roquefort cheese dressing.

The Evening Star Lodge regular meeting will be held Tuesday at 7:30 p.m. in the Chamber of Commerce Building.

MANISTIQUE

Women's Club Opens Year Oct. 1 With Luncheon

The Manistique Women's Club will hold its opening meeting of the year at an autumn luncheon Oct. 1 at 1 p.m., in the Surf. Mrs. John Davidson of Crystal Falls, a past district president of the Federation of Women's Clubs will be the guest speaker.

Mrs. Davidson, who is recording secretary of the Michigan Federation will acquaint members with Girls' Town, in Belleville, a project to which local club members annually contribute. A style show

by the Vogue concludes the afternoon program. Eight local models will wear the new fall styles.

Tickets are available from Mrs. Roland Honolik, co-chairman with Mrs. Ellsworth Curran. Also on the committee are Mrs. E. D. Branyan, Mrs. Harry Purdy, Mrs. Ralph Ekstrom, Mrs. Jack Creighton, Mrs. Nalbert Gerber, Mrs. Milton Keteik, Mrs. Larry Rushford, Mrs. Henry Brolin, Mrs. Manuel Kaner, Mrs. John Koontz and Mrs. Karl Krumrey.

St. Francis Asks Total Abstinence Of Young People

St. Francis de Sales Parish of Manistique has asked all its young people, from the freshman year of high school up to age 21, to take a pledge to abstain completely from alcoholic beverages. Fr. Terrence F. Donnelly, assistant pastor and director of its Confraternity of a Christian Doctrine program, said:

"We are trying to meet the challenges of this community. We feel that any realistic appraisal of the teenagers of Manistique has to come sooner or later to the realization that the use of alcohol among these young people is becoming entirely too common. What was a rare phenomenon a few years ago is now commonplace. And most of the problems of the young people can be traced to some extent to alcohol."

"Once the problem is recognized, we have to decide what to do about it. We could demand better law enforcement, but it seems to me that this is simply passing the responsibility to others. And this makes just that much more of a thrilling game out of it for the youngsters to 'put one over' on the parents about it, but this has limitations."

"Some parents don't care and some simple wouldn't believe that their children are involved. I think a good many parents try to overlook the problem because they don't know what to do about it. We believe the responsibility is squarely on the young people themselves. If they can be persuaded to abstain from alcohol, as a matter of honor, they will take care of the matter themselves."

"In the old days, this would have been called a 'temperance crusade'. I think that prohibition has made a dirty word, or a joke, out of 'temperance' and we have to go all the way back to the beginning to show that total abstinence is not a joke, but a matter of courage and Christian virtue. The Catholic Church never got enthusiastic about prohibition as a matter of law. Morality is not something that can be pushed on people by courts or by police."

"What made a farce of prohibition was that the American people simply never admitted that a government had a right to tell them whether they could drink or not. Our approach is entirely different. We are not telling these young people not to drink because the police might catch them. This is true, but it is not the main point. We are asking them not to drink because this is a better way they can prepare themselves for a better future and practice virtue at the present time."

"We have asked the Catholic Total Abstinence Union of America for some help with our program. We are forming a parish unit here of the junior division of the Union. This will give us affiliation with the national organization and enable us to offer certain benefits to those who will take the pledge. We are calling our local unit Project Future."

On the membership card we have printed we list the purposes of the pledge: 1) to give a spiritual motive for abstaining from alcohol; 2) to help the teenager prepare for a happy and healthy adult life; 3) to aid them to practice the virtue of sobriety, a form of Christian perfection; 4) to enable them by this pledge and by reception of the sacraments to make reparation for the sins of intemperance in others."

"We are offering an option of taking the pledge for one year at a time, or to age 21. We hope that none of our young people will drink before they are 21, but if they don't care to commit themselves for that long a period they can take it for a year at a time."

Ann Landers

Married, But Alone

Dear Ann Landers: Am I a neurotic with a persecution complex as my husband says, or do I have the right to expect more out of marriage than I'm getting?

Last spring I was in an automobile accident and I broke my leg. I telephoned my husband from the emergency ward of the hospital. He was at my brother's house playing poker. When I told him what had happened he said, I'm about \$40 ahead right now and running a hot streak. I think I'd better stay in the game and make the hospital bill." So he sent my brother over and stayed in the game.

When his mother died he took so many nerve pills before the funeral he went out like a light. He was unable to attend the services and never knew a thing until the next day.

Our own children do not get sick very often, but when they do he remembers a fishing date and leaves town. May I hear from you on this? — MARRIED BUT ALONE

Dear Married But: Your husband is not sufficiently grown up to face discomfort or unpleasantness, so when something challenging occurs he takes a duck. Such a man cannot be demanded on in time of crisis. He folds like an accordion so, in a very real sense, your signature describes your situation accurately.

Dear Ann Landers: I am an 18-year old girl, popular, and I live in a lovely home. My mother died a year ago and now I am the last of the house.

My father is still young (43) successful in his profession and he's very good-looking. Already several women are chasing him and I don't blame them. I feel, however, that so long as I am at home he should not consider remarriage.

Father was inconsolable for months after mom died and now that he's coming out of it he seems to be paying a lot of attention to a certain woman in our church. She is nice but how could he possibly put his arms around another woman and bring her into mother's home as his wife? What position would that place me in?

This woman has two children of her own and they would have to be part of our family. Please don't tell me I'm wrong. Just tell me how to prevent my father from remarriage. — NO OTHER WOMAN NEEDED

Dear No Other: Your statement, "And now I am the lady of the house," is the key to your problem.

You cannot replace your mother in your father's life and you shouldn't try. If you really want to help your dad pick up the pieces, encourage him to make new friendships. Remember that life is for the living.

Dear Ann Landers: A friend of mine met a writer at a party and liked him instantly. She said he warmed up to her at once and that they got along famously. She decided to pop in on him about two weeks later and felt that a phone call or written note in advance would have spoiled the "surprise."

Dear Little Liz: I am an 18-year old girl, popular, and I live in a lovely home. My mother died a year ago and now I am the last of the house. My father is still young (43) successful in his profession and he's very good-looking. Already several women are chasing him and I don't blame them. I feel, however, that so long as I am at home he should not consider remarriage.

So she just went over one afternoon. (He works at home.)

When my friend arrived she found a note tacked to his front door. I read: "IF YOU ARE UN-INVITED AND UNEXPECTED YOU ARE ALSO UNWELCOME." She said she felt as if she'd been slapped across the face with a wet towel.

What do you think of a person who would tack up such a message on his front door? — QUESTION MARK

Dear Mark: My off-hand guess is that a person who would tack up such a message on his front door does not wish to be dropped in on by anyone — not even people with whom he gets on famously at parties.

Are you tempted to smoke because the crowd does? If so, send for ANN LANDERS' booklet, "Teenage Smoking," enclosing with your request 10c in coin and

Panic

CINCINNATI, Ohio (AP)—Robert J. Froehlich will never forget Thursday.

Things started when his son, Joey, 20 months, fell out of bed and broke his collarbone. Froehlich rushed him to the hospital, left, and then hurried back to the hospital when his wife, Sylvia, gave birth to twin girls.

Another crisis awaited him when he got home. He'd forgotten to get a cake for daughter, Ellen, who was 3 Thursday.

Soapy Talks On Africa As Demos Talk About Debt

A more youthful appearing, more relaxed Soapy Williams came back to the Upper Peninsula Saturday to talk to fellow Democrats assembled here for a strategy meeting.

G. Mennen Williams, the trauma of 6 terms as governor of Michigan behind him, is now undersecretary of state for African affairs in the U. S. State Department. He talked only of Africa to the Democratic meeting, which concerned itself officially with party organization, but unofficially talked mostly about a Democratic nominee for Congress in the new 11th District, which embraces the whole Upper Peninsula.

Williams said that he spends a quarter of the year in Africa and three-quarters in Washington. He runs into many people who say to him in this country, "What are you doing here?"

"I've finally figured it out," said Williams. "When I'm in Washington I don't make any news and when I'm in Africa it gets into the newspapers."

Twenty-nine new countries have been created in Africa in the past few years, said Williams and all but Algeria and the Congo got their independence peacefully. "They aren't all prepared for independence, but like everyone

else they'd rather make their own mistakes than have someone else make them for them.

South African Issue

"Now they are worried because there are people at the southern tip of Africa who aren't independent, in Portugal's Angola and Mozambique and in South Africa. If we had people in the Detroit area under alien rule we'd want them to have their independence the way it is here. That's the situation in Africa and it agitates all party members."

"We think that Africa is all the same, but in the north it is Arab and Moslem and not even all the blacks are the same. In the Mau Mau trouble only a few hundred whites were killed, but 12,000 black men were killed."

"No one understands Africa well unless they understand the overwhelming desire to see all Africa free. Working this out is going to occupy Africa for some time."

"Africans are worried about schools—only 20 per cent get to school; about roads and about new industries. As for communism, the Africans don't want to be taken over by anyone. They may flirt with the communists, but they won't get in anyone's pocket."

America Admired

"America has a great reservoir of good will in Africa. They think we're all revolutionaries because we threw the British out. The missionaries have done a good job and so have the GIs. The Africans had never seen white men roll their sleeves up and work alongside the black like the GIs."

"We're pursuing the idea of self-determination and helping them improve their economy and education."

"Africans say we have polygamy in America, too, but we have our wives one at a time. Time is solving the polygamy problem in Africa. With the rising standard of living a husband can't afford more than one wife."

Zoltan Ferency, State Democratic chairman, presided at the sessions of Upper Peninsula Democrats in the House of Ludington Saturday, at which Houghton, Delta, Schoolcraft, Luce, Chippewa, Mackinac, Dickinson and Menominee counties were represented.

Party Leaders Speak
Speakers include Mrs. Mildred Jeffrey, Democratic national com-

mitteewoman from Michigan; Miss Adelaide Hart, Democratic vice chairman; and Congressman at Large Neil Staebler. They and Ferency discussed the Democratic party organization and program for next year's campaign.

Discussion covered financing, a "Town Hall" bureau of speakers under Norman Krandall, Ford Motor Co. executive; a voter identification program for registration and party identification; and establishment of human relations committees in all counties to cooperate in a bipartisan way with Republicans in racial amity.

Discussion of legislation covered civil rights, the Youth Employment & Opportunity Bill (like the Civilian Conservation Corps, but with more training).

There was considerable talk on party financing. The party had a state debt of \$270,000 when Zoltan Ferency took over as chairman early this year. Efforts to erase the debt include Project 100 to get persons to donate \$100 each; Dollars for Democrats, a door to door collection planned for late October; and the party membership campaign which goes on all the time. Many local groups are conducting rummage and party sales and other fund raising activities and sending some of the earnings to state Democratic headquarters.

Dutch Youth To Address Rotary

The Rotary Club of Escanaba will hear Marinus Spaans of The Hague, Netherlands, at its luncheon meeting Tuesday noon at the House of Ludington. Wives of Rotarians are invited to attend.

Spaans is a guest of the Rotary Club in Escanaba this summer as a part of the club's international service program to further international understanding.

A teacher of English in a secondary school at The Hague, Spaans has a good command of the language and is readily understood. His talk will include his impressions of America.

Soo Line August Income Up Sharply

Escanaba Kiwanians prepared pancakes all day at Escanaba Area High School Saturday to serve to employees of Harnischfeger Corp. and their families to celebrate the local plants' achievement of 2 million man hours of work without a loss time accident. Safety Pancakes Fill Hundreds Of P&H Guests

Harnischfeger Corp., employees here celebrated a new corporate safety record Saturday by forgetting their usual caution and consuming pancakes at an awesome rate at Escanaba Area High School.

Guests at a "Pancake Day" here in their honor, they dispatched approximately 9,000 pancakes in the all-day celebration. The employees were invited to the fete in recognition of a new corporate safety record of two million consecutive man hours with a lost-time accident.

More than 850 employees and their families were invited by the company to attack the 700 pounds of pancake flour, 500 pounds of pork sausage, 50 cases of maple syrup, 200 gallons of milk, 50 dozen eggs and 150 pounds of butter ordered for the affair.

Ralph Scheffler, president of the Escanaba Kiwanis Club, which prepared the food, said that his 60-man crew was prepared to pro-

duce more than 1,200 pancakes an hour during the dinner rush period. Thirty-five grills handled the evening dinner traffic. More than 1,600 persons were served.

In a congratulatory message to the employees, President Henry Harnischfeger said, "This is a great achievement, one that should bring pride to every member of our Escanaba operations. It is a vivid demonstration of what can be achieved when we all concentrate our combined efforts on an important objective."

Raymond Fish, Harnischfeger plant manager, stated that the family affair had been planned to demonstrate that plant safety reaches far beyond the individual employee and affects every member of his family.

"We are happy," Fish noted, "that the effect, in this case, is a happy one."

Harnischfeger Corp., had previously rewarded its Escanaba employee when they hit the one mil-

lion and 1.5 million hour mark for consecutive safe hours. First aid kits and engraved key chains were presented on those occasions.

Harnischfeger employees were not the only ones to benefit from their safety record. Money raised by the Kiwanis Club at the pancake feast will go into its youth aid program.

Here from Harnischfeger headquarters in Milwaukee for the occasion were Joseph G. Surmacz, director of all manufacturing; Karl Hindrichs, supervisor of safety and plant protection; Walter Scholtz, safety director, and Anthony Geracie, public relations director.

The Milwaukeeans presented to Escanaba Manager Fish a brown jug emblematic of safety championship in Harnischfeger operations. The trophy had been held at the Milwaukee works, which has twice reached a million man hours of work without a lost time accident. It will now remain with the Escanaba works until its record of two million safe man hours is topped.

Fish said that no count was kept of pancake consumption to pick a champ. "We didn't want to have a lost time accident," he quipped.

Scheffler said, "I think the champ was a kid who ate 24 pork sausages. I don't think even Little Black Sambo topped that."

Holy Name, Escanaba Extend Victory Strings

Alpena Catholic Bows 45-2 In HN Breather

The Holy Name Crusaders flexed their football muscles here Sunday with a 45-2 verdict over downstate Alpena Catholic Central.

Coach Bill Earle's defending Upper Peninsula champs will put their 4-0 record on the shelf for two weeks before returning to action against the powerful Kingsford Flivvers in a home stand on Oct. 5. Kingsford made it four in a row by drubbing Menominee 32-0 and will host Iron River Friday night.

The Crusaders had a field day against Coach Jim Mansfield's Thunderbolts. Quarterback Frank Trotter had receivers in the clear all afternoon and pitched three touchdown strikes to Bill Curtis, Frank Stupek and Paul Kangas. Curtis, Eugene Fregetto, Bill Menard and John Quinn hit enemy paydirt on the ground. Two other Holy Name touchdowns were wiped out by penalties.

Gain At Will
Holy Name's running attack gained ground almost at will, picking up 239 yards in 34 trips, an average of seven per carry. No less than 14 players took a crack at lugging the leather, and were paced by Eugene Fregetto, a 6-1, 200 pound bulldozer, on tackle-around plays.

Through the air, Trotter and reserve quarterback John Lark hit on 10 of 18 tosses good for 188 yards, giving the Crusaders a total net yardage of 427 from scrimmage.

Alpena was all but blanked in the statistics, gaining only three yards on the ground and completing two of 20 passes for 51. The Crusaders intercepted five Alpena aerials with glue fingered Jim Villeneuve snaring four of them.

Alpena Gets Safety
The visitors avoided a shutout when they recovered a high snap from center, which sailed over the head of Jim Berish in punt formation, for a safety with one second remaining in the game.

Holy Name scored once in the first period, Trotter hitting Curtis for 16 yards.

The Crusaders drove 66 yards in 12 plays for their second touchdown with Trotter throwing the final two to Stupak. Berish booted to make it 13-0.

Alpena made its only threat of the game by driving to the Holy Name 19 early in the second period. But the Crusaders marched back the 81 yards in six plays with Quinn cracking over from the one. Berish upped the lead to 20-0.

Fregetto, a giant on defense, joined the offensive crew late in

the half and rambled 55 yards to paydirt to make it 26-0.

Reserves See Action
With reserves getting a heavy workout, the Crusaders continued to dominate the action in the third period. They peeled off 43 yards in a pair of plays as Fregetto booted 41 yards to the Alpena two from where Menard squirmed over to make it 32-0. Minutes earlier Menard had a 22 yard TD run wiped out on a holding penalty.

Late in the third frame Berish intercepted a pass on the Alpena 40. Jim Wils chewed up 15 yards, Eugene Rissanen tore off 11 more and Curtis coasted around end from the 14 to make it 38-0.

Villeneuve picked off two Alpena passes in the fourth quarter and the Crusaders closed out their scoring with a 20 yard pass from Trotter to Paul Kangas. Tom Almonroeder kicked the final extra point.

Oklahoma Bids For Grid Glory As In Old Days

By BOB GREEN
Associated Press Sports Writer

Of course Oklahoma won. What would you expect? After all, they had a Ringer playing quarterback.

Mike Ringer, no illegal import but a homegrown product from Paul Valley, Okla., passed for one touchdown and sneaked over for another in the Sooners' opening bid to regain their lost football glory.

Ringer is the first sophomore ever to start at quarterback for a Bud Wilkinson-coached team, some of which dominated the national college football scene a decade ago.

Wilkinson said in a pre-season analysis that Ringer's ability to fill the shoes of the departed Monte Deere would be one of the "two principal factors determining the success of our team." The other big factor was defense.

The defense, less spectacular in the first half as Clemson took a 14-7 lead, came to life after intermission and scored the go-ahead touchdown when tackle John Flynn blocked a Clemson punt and the Sooners recovered in the end zone.

Ringer, who showed a steady, reliable hand at quarter, contributed to the next two touchdowns and the Sooners, ranked fourth in The Associated Press' pre-season poll, had a 31-14 victory.

The performances of Ringer and the defense apparently answered Wilkinson's needs and served as a warm-up for their important clash with defending national champion Southern California this weekend in the television game of the week.

The Rose Bowl champions were lackluster and less than impressive in a 14-0 decision in the mud at Colorado. The Trojans were picked as the team to beat again this season, but their top ranking could be in jeopardy.

Quarterbacks generally dominated proceedings on college football's first full Saturday.

Navy's Roger Staubach, hero of last year's Army game, led the ninth-ranked Middies to a 51-7

route of West Virginia while his Air Force counterpart, Terry Isaacson, led the Falcons on a dramatic, last-gasp, 91-yard touchdown march that upset 10th-ranked Washington 10-7 in the television game of the day.

Staubach completed 17 of 22 passes for 171 yards and one touchdown in the rout of the massive Mountaineers, while Isaacson completed seven of eight passes in the march against Washington and bolted over from the seven for the winning touchdown.

Tom Myers, quarterback for Northwestern's sixth-ranked Wildcats, completed 10 of 16 passes, one for a touchdown and two to set up scores in the 23-13 victory over Missouri.

The big upset, however, came as the defense of little Memphis State, which is making a bid for the big time, held second-ranked Mississippi to a scoreless tie.

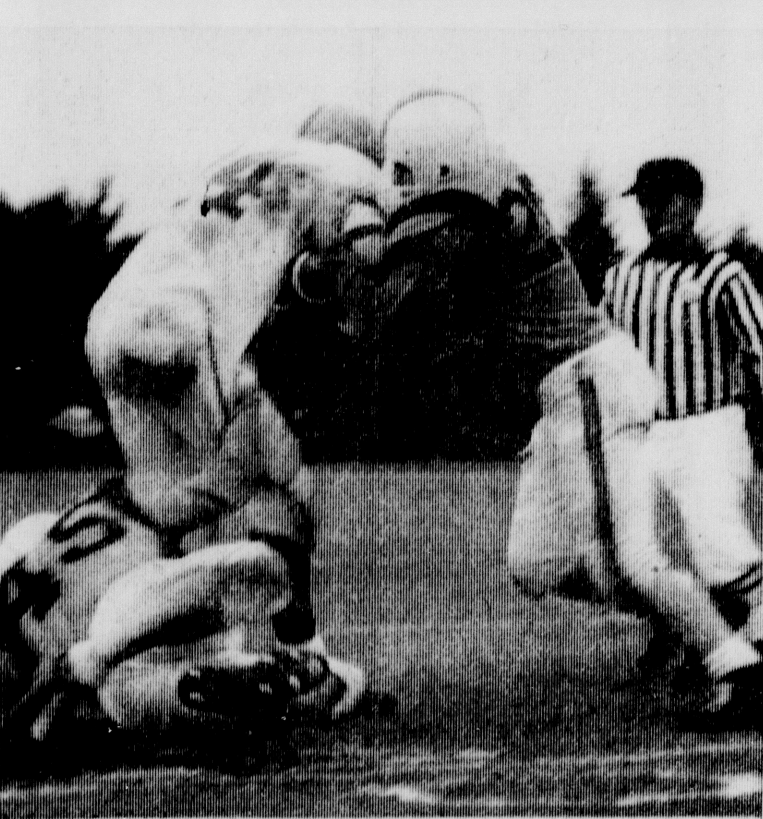

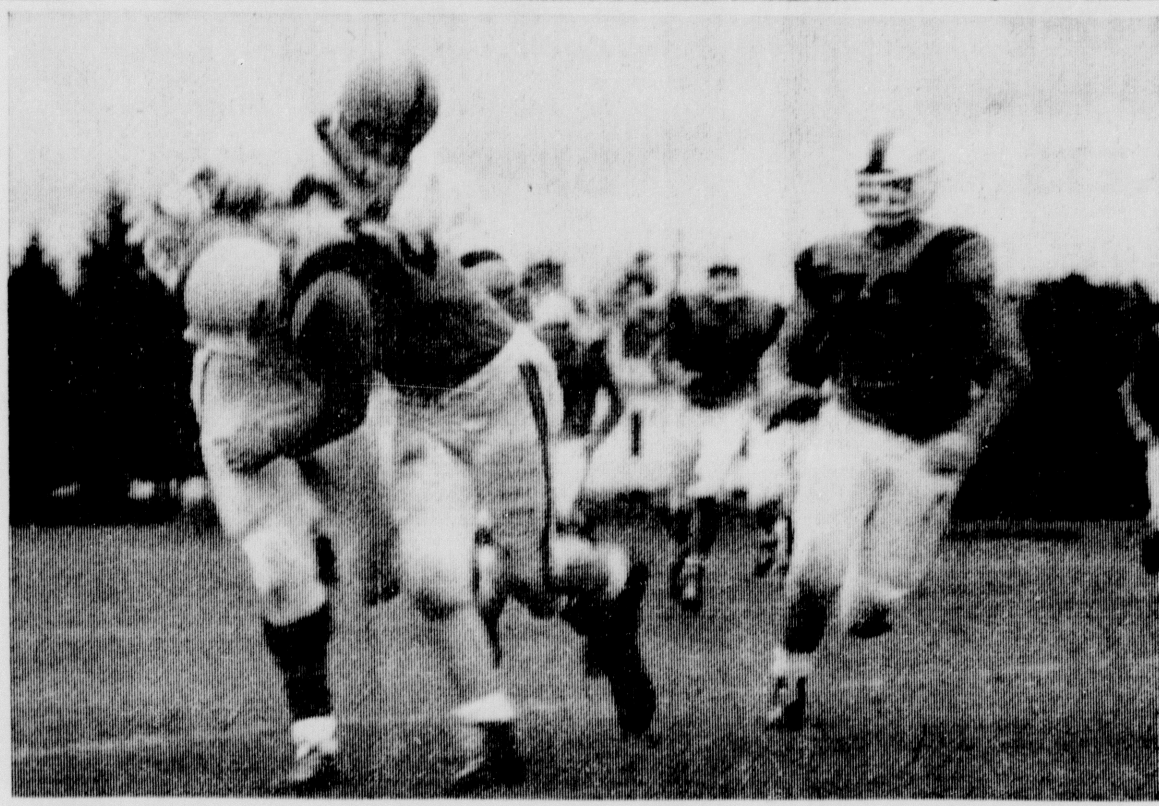

Third-ranked Alabama rolled over Georgia 32-17.

Among the other ranked teams, No. 7 Wisconsin blasted Western Michigan 41-0. No. 8 Arkansas blanked Oklahoma State 21-0 and No. 5 Texas beat Tulane 21-0 Friday.

Red Wings Keep Unbeaten Record

HAMILTON, Ont. (AP) — The Detroit Red Wings, unbeaten in National Hockey League exhibitions, finished a gruelling four-day stretch of four games by beating the Chicago Black Hawks 4-2 Sunday.

Eddie Joyal, Alex Delvecchio, Gordie Howe and Norm Ullman scored for the Red Wings, who led 3-1 until late in the third period. Bobby Hull and Stan Mikita scored for the Black Hawks.

Braves Play Redmen To 13-13 Deadlock

MARQUETTE — The Gladstone Braves bounded back from their lone setback of the season to Sault Ste. Marie with a 13-13 tie against the Marquette Redmen here Saturday night.

The deadlock knocked Marquette out of a tie for first place with Escanaba and Soo in the Great Lakes Conference race.

The Braves outstrapped their bigger foes in every department—except penalties. Gladstone drew 95 yards in penalties to 45 for Marquette.

Dan Schram and Tom Domes teamed up for an outside-inside running attack that produced over 200 yards on the ground. Schram picked up 128 in 26 trips and Domes 98 in 21. Jay Knutsen added 10 yards on the ground and hit on three of seven passes for 44 yards.

Steve Nyquist carried the brunt of Marquette's ground game with

106 yards while Pete Holm added 45.

Schram scored once for the Braves, his ninth touchdown of the season, and Knutsen pitched to end Dave Ingebrigtsen for the final TD and the key extra point.

Domes, 220 pound pile-driver, was a standout performer both ways. He hauled down 15 tackles on defense to join Emery Dault, Bruce Hardwick, Bob Randall and Bruce Heslip in containing the Marquette backs.

The Redmen scored first, driving the opening kickoff 60 yards with Pete Holm going the final three feet for a 6-0 lead.

Gladstone tied it with a minute and a half left in the first half. Domes and Hardwick hopped on a Marquette fumble to set it up and Schram raced 37 yards to paydirt.

The Braves dominated the game in the third period but couldn't score. Schram ripped off two long runs and Domes went over from the two yard line, but the TD was wiped out by a penalty. Schram then slammed over from the seven but the play was nullified by another penalty.

Late in the period the Braves moved to the Marquette 17 before losing possession on downs.

Pembine Downs Powers Eleven

PEMBINE — The Pembine Panthers defeated Powers-Spalding 12-0 here Saturday to take over sole possession of first place in the Wolverine Conference standings.

The teams battled through a scoreless first half before Pembine quarterback Bill Gehling hit Harry Venstra for a 23 yard TD in the third period.

The Panthers scored again on a two yard plunge early in the fourth frame.

Paul Behrend was the leading Tiger runner with 87 yards in 12 trips and was a defensive stand-out with Jerry Nowack. The Tigers had 130 yards on the ground and hit on two of seven passes for 12 yards. Pembine gained 82 yards rushing and hit on six of 13 passes for 46 yards.

The victory was the second of the season for Pembine and the defeat was the first for Powers.

Eskymo Cross Country Team Tops Newberry

Coach Henry Wylie's Escanaba cross country team defeated Newberry 23 to 36 in a practice run here Saturday.

The Eskymos were paced by tireless Jeff Jurmu who won the event in 10:12.6 for the mile and three-quarters course.

Other Eskymos figuring in the team scoring were Kent Anderson who finished third, Tom Fisher, fourth, Blaine Dickson, seventh and Bob Johnson, eighth.

Newberry's Rodney LaFond was second to Jurmu across the finish line. Dan Manville finished fifth, Charles Taylor sixth, Ivan Ford 11th and Dick Oberg 12th.

Duffy's Choice Tough To Make

EAST LANSING (AP) — Michigan State Coach Duffy Daugherty will choose a starting quarterback soon, and the two rival candidates for the job are making the choice a tough one.

Junior signal caller Dick Proebstle and sophomore Steve Judy each turned in good showings Saturday in a scrimmage where the first two units rolled over the reserves 37-6.

Daugherty said he would study game movies to make his choice for Saturday's starter against North Carolina in the Spartan's season opener.

Dodgers Miss Chance; Bow To Strong Pirate Pitching

By JIM HACKLEMAN

Strong pitching has been the Los Angeles Dodgers' big weapon all season.

They saw more of the same Sunday—but they'd just as soon forget it. It was the other fellow's, and it was painful, keeping the Dodgers from putting the official clincher on the National League pennant.

Pittsburgh's Bob Veale and Elroy Face held the Dodgers away from the elusive flag with a two-man three-hit effort in the Pirates' 4-0 victory. The Dodgers took it right down to the final swings, loading the bases with one out in the bottom of the ninth inning with hot-hitting Tommy Davis and slugger Frank Howard coming up.

But Face got both on popups—and after a string of five triumphs that had carried them to the threshold of the throne room, the Dodgers' magic touch had failed.

Cincinnati had paved the way for the Dodgers by dealing St. Louis' slumping Cardinals their fifth straight loss, 5-2, and reducing the magic number to one. It's still one—meaning a Dodger victory or another Card loss before

the flag flies at Chavez Ravine. Actually, the pennant could go to the Dodgers before they swing another bat. The Cards, 5 1/2 games behind with five to go, next play at Chicago on Tuesday afternoon and the Dodgers don't resume action until Tuesday night, when they open a three-game set at home against New York's last-place Mets.

While the Dodgers and Cards were bowing, the San Francisco Giants were pounding the Mets. Willie McCovey paced the 13-4 romp with three consecutive homers, taking over the NL lead at 43, and batting across five runs.

Also in the NL—the Chicago Cubs pushed across six runs in the first three innings and went on to a 7-3 decision over Milwaukee; and Joe Morgan's run-producing single delivered the winner as Houston scored twice in the last of the ninth and edged Philadelphia 2-1.

The New York Yankees, with the American League title stashed away, sharpened up their young left-handed ace, Al Downing, for a World Series start in a 4-3 squeaker over Kansas City. Joe Pepitone struck the big blow for

the Yanks, a two-run homer in the sixth inning, after they had touched loser Dave Wickersham for two unearned runs in the fifth.

Downing, now 13-4 since being promoted from the minors in June, spaced nine hits, did not walk a man and struck out six in his 10th complete game.

Minnesota's mighty Twins belted three more home runs and Camilo Pascual became a 20-game winner for the second year in a row in a 6-1 victory over the Boston Red Sox. Harmon Killebrew's 45th homer, Jimmie Hall's 33rd and George Banks' third pushed Minnesota's season total to 224—second highest in big league history. The Yanks' 240 in 1961 is the record.

In other AL action—homers by Ron Hansen and Floyd Robinson carried the Chicago White Sox over Detroit 3-2; Cleveland swept the Los Angeles Angels, winning the opener 5-3 and taking the second game 2-1 in 11 innings on Pedro Ramos' six-hit pitching and John Romano's decisive pinch single; and Washington gained a split with Baltimore, gaining a 4-2 victory in the second game after losing to the Orioles 6-3.

Newberry 32-6 Victim As Esky Wins Fourth

The Escanaba Eskymos spotted Newberry a touchdown in the first period and then ambushed the Indians 32-6 in a Great Lakes Conference contest here Saturday.

Coach Jerry Cvengros' gridders swept over Newberry for their fourth straight triumph of the campaign and remained in a tie for first place in the GLC race with the Soo Blue Devils.

Except for the first touchdown of the contest, coming after a blocked Esky punt, Newberry was never in the running. The Indians were able to advance to the mid-field stripe only once in the game, reaching the 50 late in the fourth quarter against Escanaba reserves.

Statistics give a clear picture of Escanaba's superiority. The Eskymos rolled up 178 yards on the ground and completed seven of 16 passes for 70. The Indians gained 50 yards rushing and were blanked through the air. They threw 12 passes and failed to make a completion. The Eskymos intercepted three times.

Outweighed and outmanned, Coach Art Allen's visitors made the most of what they had, but it wasn't nearly enough.

They threw a scare into the Eskymos early in the game, however, blocking a Mike Gafner punt on the Esky eight yard line. Diminutive quarterback Gary Aho was tossed for a two yard loss but halfback John Hendrickson skirted left end on the next play and Newberry led 6-0.

The Eskymos had trouble getting organized in the first period in which they were guilty of three fumbles and two offside but they jelled for a 71 yard touchdown drive shortly before the end of the quarter.

The Escanaba scoring was well split up. Quarterback Jerry Hansen tossed two touchdown passes to end Carl Olson, hard-running Jim Clairmont, who paced the Esky ground game with 93 yards, tallied once. Fullback Terry Dufour blasted over for a touchdown and Dale Horchner, a rugged defensive leader, intercepted a Newberry pass and lugged it over.

Hansen teamed up with Olson on a 10-yard TD toss for Escanaba's first score, after missing Brent Bolm alone in the end zone on the preceding play. Bill Sarnowski's kick for the point was wide and the score was 6-6.

Early in the second period the Eskymos drove 64 yards in 12 plays with Clairmont hitting off right tackle for the final three. Sarnowski made it 13-6.

Two minutes before the end of

the first half the Eskymos capped a 51 yard drive with Hansen firing a touchdown toss to Olson, covering 17 yards. Hansen set it up with a 10-yarder to Baum. Sarnowski's kick gave Esky a 20-6 margin.

The Eskymos tallied twice in the third period. Defensive back Bob Haack, a 5-9, 154 pound sophomore with all the right moves, swiped a Newberry aerial and raced 49 yards to the one yard line before being edged out of bounds. Dufour slammed over on the next play to make it 26-6.

Newberry moved to its own 38 yard line before Horchner grabbed a wayward pass at midfield and charged for a touchdown behind a trampling block by Clairmont. That made it 32-6 and ended the scoring for the afternoon.

Haack shook loose for a 60 yard touchdown punt return midway in the fourth period but it was nullified by an offside penalty. Jerry Collins intercepted another Newberry pass and Jim McCutcheon recovered an Escanaba fumble in the late stages of the game.

The Eskymos will return to action in a homecoming game against Marquette Saturday.

Packers Whip Lions 31-10 In Reversal Of Grid Form

MILWAUKEE (AP)—The Lions' mighty defense collapsed. Their question-mark offense was stagnant.

The Green Bay Packers, pining for revenge, turned a grudge meeting with Detroit into a 31-10 runaway Sunday. It was a reversal of last Thanksgiving when the National Football League champions lost to Detroit for the only time in 1962.

The Packers, superior on offense and defense, ripped through the Lions' defenses, often called the strongest in the NFL. Packers' defenders caught nearly as many Detroit passes as the Lions receivers.

"It's been a long time since Thanksgiving," said end Boyd Dowler in the avenged Packers' dressing room. "They like to talk that they're better than we are."

"I knew the Packers would be way up after they lost last week," said Coach George Wilson, whose Lions are even at 1-1 with the Packers in the new Western Division race. "But I thought we were going to be up, too."

Magnifies Problems

"I don't know what happened to us. Maybe we were up too far. We had four interceptions — it seemed more like a dozen."

Losing to Green Bay magnified Wilson's problems. The old quarterback trouble returned. And, confronting the Lions next Sunday in Detroit will be the Chicago Bears, already conquerors of the Packers and 2-0 leaders of the Western Division.

Milt Plum experienced an awful day as the Packers kept the Lions from completing a pass until the third quarter. Plum was the victim of the four interceptions. But, Earl Morrall couldn't do any better as quarterback reliever.

Wilson desperately tried Morrall and quickly returned to Plum.

Between them, Plum and Morrall completed 6 of 26 passes for 91 yards. The Lions never got their ground offense clicking and they managed only two first downs in the first half and seven in the entire game.

Moore Gains 122

Jim Taylor gained 82 yards more on the beleaguered Lions. Moore and Taylor each gained more yardage than the 77-yard total output of the Lions' feeble ground offense.

Brown Runs Wild With 232 Yards; Bears Take Lead

By JIM BECKER
Associated Press Sports Writer

At this rate, Jimmy Brown is going to run the mile in nine weeks.

The incredible fullback of the Cleveland Browns had his second field day in a row Sunday, as the Browns kept their National Football League record unblemished, 41-24 over the disappointing Dallas Cowboys.

Brown ran for 232 yards, including touchdown runs of 71 and 62. With the season just two weeks old, Brown now has 394 yards, an average of 197 a game. At that pace, he will pass the mile mark in nine games.

After the full weekend slate, the Browns were one of only three teams with a 2-0 record in the NFL. The surprising St. Louis Cardinals and the tough Chicago Bears were the others.

The Cardinals stayed even with the Browns in the Eastern Conference by battling back to a 28-24 victory over the Philadelphia Eagles.

The Bears took over the top spot in the West with a 28-7 man-handling of the Minnesota Vikings.

In other NFL games, Green Bay beat Detroit 31-10, Pittsburgh whipped the New York Giants 31-0 and Baltimore knocked off San Francisco 20-14. Washington whipped the Los Angeles Rams 37-14 Saturday night.

In the American Football League, Boston beat Oakland 20-14. The New York Jets trimmed Houston 24-17 and Kansas City and Buffalo played to a 27-27 tie.

The Packers rebounded from their opening defeat by smothering the Lions. Halfback Tom Moore, the replacement for suspended Paul Hornung, broke the game open with a pair of touchdown runs, including one for 77 yards, and Jim Taylor carried 22 times for 82 yards.

The Steelers made their mark 14-1, as they scored their first shutout over the Giants since they came in the league 31 seasons ago. John Henry Johnson and Dick Hoak did the heavy duty running as the Steelers stuck to the ground. The Giants missed injured quarterback Y. A. Tittle, and couldn't get started.

John Unitas had a great day for the Colts, as the 49ers con-

tinued their winless ways. San Francisco coach Red Hickey said, "It's tough each week to say how good the other quarterback was—we make them look good."

The Los Angeles Rams also remained one of the 9-2 teams along with the 49ers and Dallas. The Redskins came from a 14-13 deficit with a 77-yard third quarter pass play from Norm Sneed to Dick James and added 17 points in the last quarter.

Moore broke loose. Plum returned early in the fourth quarter and passed 23 yards to Tom Hall for the Lions' only touchdown. The Lions were back in it again with the score 17-10—but again only briefly.

Moore raced 77 yards, shaking off three tacklers, for a touchdown 41 seconds after the Lions are scored. A 39-yard pass from Bart Starr to Max McGee ended the Packers' scoring.

game a week ago was so bad there wasn't much I could say."

The Packers mastered the Lions from the opening kickoff. Herb Adderley returned it 51 yards to the Detroit 42 and Jerry Kramer booted a 24-yard field goal to give Green Bay a 3-0 lead.

With Plum failing to complete a pass in the first half, the Packers moved to a 10-0 advantage at intermission. Yale Lary's short punt to the Detroit 49 set up the Packers for a second period touchdown. Taylor scored it from the one.

Early in the third period the Lions briefly got back in contention. Dick LeBeau intercepted a pass and gave Detroit the ball at Green Bay's 29. The Lions couldn't move and Wayne Walker boomed a 36-yard field goal.

When the Lions had a chance to move for the tying score, they couldn't do it. Willie Wood intercepted a Plum pass and returned it 40 yards to Detroit's 15. Moore scored on the next play late in the third quarter, sending Green Bay ahead 17-3.

Perky Perkettes Name Officers

PERKINS—The first 4-H meeting of the fall and winter season was held Thursday afternoon at the Perkins High School at the conclusion of the regular classes.

New officers of the Perky Perkettes are: president, Bonnie Starline; vice president, Jean Desotelle; secretary, Myra Miljour; treasurer, Julie Demouise. It was decided to meet every Thursday afternoon after school until December, at which time the schedule may be changed. If there are any children without a ride home, the 4-H leaders will see to it that they get a ride. The 4-H leaders this year will be Mrs. Mary Apter, Mrs. Hilda LaChance, Mrs. Elaine Demouise and Mrs. Raymond Maki.

Boone Recovers From Accident

SANTA MONICA, Calif. (AP)—Actor Richard Boone gets out of a Santa Monica (Calif.) hospital today. But he'll have to stay home at least a week before returning to work on his new television show.

Boone, 46, star of the old "Have Gun, Will Travel" show, suffered a rib fracture and facial cuts when his Maserati roadster hit a parked car near his Santa Monica home Friday.

LONDON (AP)—The prime minister of Nyasaland, Dr. Hastings Banda, is in London for conferences with British officials. It was reported that he is to discuss a date for Nyasaland's independence with R. A. Butler, British minister for central African affairs.

NEW DELHI, India (AP)—U. S. Ambassador Chester Bowles' secretary, Miss Bimia Nanda, has married John Latane Bissell, an American businessman, in New Delhi.

The bride is the daughter of Pram Nanda, advisor to the Union Public Service Commission of India.

Bissell, president of Fabindia, Inc., an export firm, is the son of Mr. and Mrs. William Truesdale Bissell of Canton, Conn.

CLEVELAND (AP)—Americans are beloved in neutral countries, especially in Scandinavia, says Vice President Lyndon B. Johnson.

Johnson, who recently returned from a tour of Denmark, Sweden, Norway and Finland, told a Democratic party gathering in Cleveland:

"The people of Scandinavia can't choose their neighbors. They're right next door to Russia. "But they can choose their friends, and they've certainly chosen us."

Cholera Drive

LANSING (AP)—The Agriculture Department reports Michigan has entered into a cooperative hog cholera eradication program with the federal government.

The warm current in the Atlantic Ocean is referred to as the Gulf Stream because it originates in the Gulf of Mexico.

Ken Siner, above, was named Associated Press Correspondent at the AP bureau in Lansing, Mich. He succeeds Gene Schroeder, who was reassigned.

Seige Ended

BUENOS AIRES (AP)—President Jose Maria Guido has lifted the state of siege, a form of martial law enforced almost continuously in Argentina since December 1958, mainly to combat subversion by followers of exiled former dictator Juan D. Peron.
